

Two Directors Of Utility Board Quit Over REA Dispute

As a result of continuing dissension over a proposal to accept an REA loan in the amount of \$367,000, two members of the board of directors of the Truckee Public Utility District have tendered their resignations.

They are George Kaspien and James McIver, both of whom objected to terms of a resolution submitted by the REA required for adoption by the board before the loan can be obtained. The other three members of the board, Edward Aweeka, Nace Firpo and Paul Doyle, at a meeting two weeks ago, voted to accept the resolution, with McIver and Kaspien opposing.

The latter two contended the stipulations in the resolution were too rigid, while the proponents agreed that the conditions are standard REA terms and can fit into the district's program.

The two to three vote was found to be sufficient to validate the resolution, according to the district's attorney.

Kaspien submitted his resignation at Tuesday night's meeting and McIver announced his resignation yesterday.

Appointments to fill the vacancies will be made in the near future.

Assembly Group Is Studying Problems

BROCKWAY—The state assembly committee of natural resources, planning and public works plans to make an in depth study of the growth problems of Lake Tahoe at meetings being held at Brockway Hotel today and Friday.

Committee Chairman Assemblyman Edwin L. Z'berg of Sacramento said that because of the significance of the steadily increasing population the committee wants to determine the impact of development to date and what the future holds.

The state department of public health has prepared a report to be presented at the meeting calling for a single sewage disposal system for the entire Lake Tahoe Basin. At the same time, Dr. Malcolm H. Merrill, chief of the department, disclosed a threat to the lake has worsened because boat owners are putting sewage directly into the water.

Dr. Merrill called for putting the entire basin under one sewage disposal agency, which will present a problem since there are two counties in Nevada and three in California with lake frontage which are involved and action would be necessary by both states.

Z'berg said that, "Although it appears that genuine efforts are being made and some progress has been achieved in approaching the problems of the future because of continued growth we feel the study is important."

The committee's study will range all the way from sewers and freeways to use of the lake for various recreational purposes.

GREAT BOOKS CLUB TO HOLD FIRST MEET

The Declaration of Independence will be discussed tonight in the library of the high school, in Truckee. The Great Books Discussion Group is meeting for the first discussion of the season. Mrs. Sybil Anderson will lead the discussion beginning at 8 o'clock.

To accommodate the newer members, the group is returning to the first year program and will repeat the materials studied during the last eight years. Anyone of the Tahoe-Truckee area interested in the program are invited to attend the discussions. The group meets twice each month on second and fourth Thursdays.

BROCKWAY THEATER WILL CLOSE MONDAY

KINGS BEACH—The Brockway Theater will close for the summer next Monday, Manager William Tamblin announced. However, the Tahoe Theater at Kings Beach and the Squaw Valley theater at Squaw Valley will remain open indefinitely. The latter two are also under the management of Mr. and Mrs. William Tamblin and their son, Butch.

First run pictures are being shown at both theaters.

TINKER BELLES PLAN TRIP TO BEAR VALLEY

On Tuesday, September 8th, the Tinker Belles Garden Club met at the home of Mrs. Walter Loynd. The next field trip will be on September 20th and it was tentatively planned to go to Bear Valley.

The next regular meeting, on the second Tuesday of October, will be held at the home of Mrs. J. P. Vind in Gateway.

Mike Sauby Seated Head Of DeMolay At Meeting Here

The semi-annual installation of officers of the Tahoe-Truckee Chapter of the Order of DeMolay was held in the Masonic temple last Saturday night.

The following officers were installed: Mike Sauby, master counselor; Mike Keehn, senior counselor; Don Greene, senior deacon; Armen Abrahamian, junior deacon; Leonard Vind, junior steward; Joel Sigismund, orator; Ken Bretthauer, sentinel; James Drummond, chaplain; Bill Hobbs, almoner; Thomas Barr and Charles Hintz, preceptors.

Other new officers include Vern Wing, junior counselor; Cameron Houlgate, senior steward; Charles Trainor, marshal; Bill Sassarini, standard bearer; Mike Thomas, scribe; Gary Waters, treasurer; Steve Davis, Steve Anderson, Randy Russell and Phil Thompson, preceptors.

Past master counselors Harry McIntire, Phil VanFleet, J. C. Roberson and Gene McGihon served as installing officers and Hope Assembling performed the robing ceremony. Mrs. June Shane was installing musician and Mrs. Mary Kay Holden, vocalist.

Following the installation Harry McIntire, junior past master counselor presented the DeMolay Hats-Off Award to members of the advisory board, C. G. "Buck" Shane, Armen Abrahamian, W. T. Sauby, D. L. McGihon, Rex Anderson, Zeph Rose and Nick Comola. Mrs. Barbara Shane, president of the Mothers' Club, was presented a pair of ear rings bearing the DeMolay mothers' insignia.

Mike Sauby, master counselor, presented past-master counselor jewels to Harry McIntire, Phil VanFleet and J. C. Roberson.

Refreshments were provided by the DeMolay Mothers' Club and served by Rainbow girls Linda Russell, Cathy Miles and Karel Sauby.

NEW MINISTER WILL ASSUME DUTIES AT LOCAL CHURCH SOON

The First Baptist Church of Truckee will conduct an installation service for their new pastor, Rev. Bob Duffer, on Sunday afternoon, September 13 at 2:30 p. m. The service will be held in the church's new building on Commercial Row in Truckee. The Rev. L. B. Sigle, the area missionary for Nevada Association, will lead the service.

Duffer is a recent graduate of Golden Gate Baptist Theological Seminary in Mill Valley, where he received his B. D. degree. He is a native of Arkansas and pastored churches at Dumas and Tulip while attending Ouachita Baptist College at Arkadelphia, Arkansas. He and his wife, June, and their two-year-old son, Russ, will be moving onto the field soon.

After the installation service there will be a period of fellowship for members of the community and churches to meet Rev. Duffer and family. Everyone in the community is invited to attend.

BIDS ARE CALLED FOR MARTIS DAM PROJECT

SACRAMENTO — (CNS) — The U. S. army corps of engineers called for bids about September 8 for drilling of a four-inch core hole, 200 feet deep, at the Martis Creek damsite near Truckee.

Bids for the project will be opened in Sacramento about September 24.

NEW SAFETY LAW TO APPLY TO TRAILERS

SAN FRANCISCO — Ernest B. Webb, director of the state department of industrial relations, today announced that all trailer coaches, mobile homes and campers sold in California must conform to revised rules and regulations covering their plumbing, heating and electrical installations.

Webb said the new regulations, which became effective September 1, are the result of nearly six years' experience in the field by the department's division of housing. "In all this time," according to Francis Dunn, chief of the division, "there has not been a single fatal accident where the division's rules and regulations have been adhered to."

400 Bid Farewell To Tavern; Sale Set This Weekend

TAHOE CITY—More than 400 people, many of them from San Francisco, Sacramento and as far away as Hawaii, bid farewell to historic Tahoe Tavern during the weekend as they attended the charity ball for the benefit of the Tahoe Improvement and Conservation Association and the Spring Opera of San Francisco.

There were 340 people at the dinner Saturday night.

An auction of the tavern's furniture was held Sunday, with sales totaling about \$7,500. Donald Williams of Homewood, a San Francisco real estate man who is one of the new owners of the Tavern, said Sunday's sale failed to make a dent in the total items to be sold and that the big auction will be held Saturday and Sunday, starting at 10 a. m.

The old tavern, built at the turn of the century and one of Lake Tahoe show places for these many years, was condemned, the new owners said, because of the exterior had outlived the interior.

Demolition of the stately old structure will start after the auction sale this weekend.

The rustic hotel is doomed to destruction to make way for condominium cluster housing. The annex, which is in good repair, will be preserved.

No Fire Reported; Danger Is Acute

Although the fire danger was extreme during the long holiday weekend, there were no fires of consequence recorded on the Truckee District of the Tahoe National Forest Ranger George Steed reported.

There was one small blaze just north of Tahoe Vista where a careless householder emptied a pile of hot ashes near an old log, but which was quickly extinguished by the North Tahoe Fire Protection crew from Kings Beach.

Still another small blaze just west of the underpass on Route 89 near Truckee, believed to have been started by sparks from a train, was quickly put out without damage.

Forest service officials continue to warn of the great danger as there is generally a strong wind and the brush, grass and trees are all tinder dry. This coupled with low humidity present a grave danger at all times, they said.

ADVANCE NIGHT FOR O. E. S. NEXT TUESDAY

Truckee Chapter No. 116, Order of the Eastern Star, will meet Tuesday for "Advance Night" when the present officers will advance to the next higher office.

Installation ceremonies will be exemplified on a class of candidates.

Phyllis Snyder, worthy matron and Frank Snyder, worthy patron, will preside over the business session and Hazel Hall and her committee will serve refreshments in the banquet room.

NEVADA COUNTY IS WINNER AT EXHIBIT

Nevada County did very well in judging at the state fair, according to Mrs. Mary Steger, who was in charge of the display. The county placed third in the category of diversity of industry and has six ribbons on seven types of fruit.

The county also placed second and received a permanent trophy on the lumber display and a second place permanent for minerals, plus a blue ribbon for excellency of quality.

Mrs. Pat Tonini, secretary of the Truckee Chamber of Commerce, attended two days of the fair, handing out brochures and otherwise publicizing this area.

License Issued

SACRAMENTO — (CNS) — The state department of alcoholic beverage control announced today it has issued an on-sale general liquor license to Eugene E. Edwards and Tillie Irene Lima, Swiss Club, Commercial Row, Truckee.

Wagon Train Trek Ends With Plans For 1965 Program

The third annual wagon trail, sponsored by the Truckee Donner Horsemen's Association came to a successful conclusion Monday following an enjoyable trip, a day of relaxation and fun and spirit of fellowship.

The train left Reno Friday, spent the first night near Verdi and Saturday evening camped at Woodchopper Spring where the following day was featured by the outdoor breakfast, sponsored by the Truckee Lions Club and during which some 300 people were served.

During the afternoon, the Horsemen and their guests participated in games, contests and horse races. The DeMolay and Rainbow served refreshments during the afternoon.

After the final night of the outing spent at Woodchopper Spring, the 11 wagons and 35 riders broke camp and proceeded through Truckee, winding up the four-day funfest with a brief memorial ceremony at Donner Memorial State Park.

Much of the success of the train was due to the efforts of Jim McIver, the wagon master, assisted by Bob Denney, Frank Snyder and Lloyd Van Sickle.

The only mishap occurred when one wagon lost a tire. This was soon replaced and no other mishaps were recorded.

Already plans are going forward for next year's trip, according to President Dr. Ray Wiser and Secretary Henry (Skip) Guirle. Two wagons are being purchased by the Horsemen to be used in next year's jaunt and for other occasions, Guirle said.

ACTIVITIES INCREASE AS MORE PLANES ON DISTRICT AIRPORT

Activities at the Truckee Tahoe Airport are increasing as the season advances and pilots learn of the advantages of the new field.

On Sunday there were 39 airplanes on the field of which ten were late model twin engine executive planes, ranging from a Beechcraft Queen Air, Air Commanders, Cessna Models 310 and Sky Knights, Piper Aztecs and an Apache. These planes, according to Manager Andrew Creglow, averaged \$60,000 and the owners were either vacationing in the area or had business to transact.

Saturday, there were 41 planes over night and Sunday 45 parked overnight at the airport, Creglow said.

Fisher Aircraft has been using a new Cherokee for flight instruction and over a 30-day period, Creglow has been advised, the plane flew 39 hours on rental and flight instruction.

The tie-down charge for overnight at the airport will be advanced to \$1.50 from the current rate of \$1, to be effective after the tie downs are installed. The district is presently securing bids for this installation.

TREASURE DEN SALE IS PLANNED BY CLUB

KINGS BEACH—There will be values and goodies for everyone at the annual Treasure Den Sale, sponsored by Lake Tahoe Sierra Emblem Club No. 347 September 13-24 at the Auburn Lumber Company building, across from Tahoe Village in downtown Kings Beach. The affair will be held daily from 10 a. m. to 4 p. m.

Complete information may be obtained from Mrs. Sally Vance or Mrs. Gwen Hill.

FUTURE ACTIVITIES PLANNED BY GROUP

TAHOE CITY—The September meeting of the Tahoe City Women's Club was held at Callender's where it was decided to hold a rummage sale beginning September 21 at a place to be designated. It was also decided to hold a hobby show and bazaar to be held November 13 and 14, the place to be decided.

Items for the rummage sale may be placed in boxes at Safeway Store. Both events are scheduled as benefits for the scholarship fund.

It was voted to pay for labor for repair of the steps leading to the Tahoe Commons, the materials being donated by Tahoe Truckee Lumber Co.

Many Items Will Be Considered At Tahoe Plan Meet

TAHOE CITY—The Placer County Planning Commission will hold its first public hearing on the Tahoe Regional Plan at 11:30 a. m. next Tuesday at the Tahoe City Community Center, C. A. Gibbs, commission chairman announced.

Of the items to be considered on that day, Planning Commissioner Gibbs said, will include:

1. A hearing on the proposed new zoning plan for the Tahoe Basin.
2. Heavy commercial zoning in the Lake Forest area and at the Tahoe City sanitary landfill site.
3. A request by R. T. Nahas for adjustment and development of approximately 185 multiple dwelling units just east of Tahoe City.
4. The establishment of a 40 foot building setback in the area of the Lake Vista Subdivision recent.

(Continued on Page 8)

Junior Horsemen Will Mark Old Road

Members of the Truckee Donner Horsemen and the Junior Horsemen will assemble at the home of Lee Hall in Meadow Park at 1 p. m. Saturday for an overnight trail ride, installing signs designating the old Donner Trail between the high school and the Donner camp on Alder Creek.

Hall will be the trail guide and instruct the Juniors where to place the signs as the party proceeds toward Alder Creek. At the latter location, a camp will be established for the night.

Members are asked to bring warm clothing and sleeping bags. Food will be furnished and prepared by the adults in the group.

The signs were prepared under the guidance of Hall during last winter.

MANY LOTS SOLD IN PONDEROSA TRACT

C. S. (Butch) Beavers, developer of Ponderosa Palisades, just south of Truckee, announced this week that he has sold 30 of the 60 lots which had been prepared for the first unit of the subdivision.

The buyers, according to Beavers are Darrell Anderson, Doren Palmer, Thomas Studeman, Allyn Malone and David Cohen, all of San Francisco.

Mr. and Mrs. George Brown, Mr. and Mrs. Howard Klitzke, Earl Lie and Robert Tamblin of Kings Beach; Mr. and Mrs. Russell Gross; Weimar; Mr. and Mrs. Joseph Holsieeth of Grass Valley; Mr. and Mrs. Adrian Littrell and Mr. and Mrs. Darwin Littrell of San Jose; Mr. and Mrs. Ernest Muench, Glendale; Miss Vivian Tamblin, Ventura; Mr. and Mrs. Douglas Davis, Salt Lake City.

Mr. and Mrs. E. J. Moeller, San Leandro; Major and Mrs. Jack January, Jr., Albrook AFB, Canal Zone; Mr. and Mrs. Don Thelin and Mr. and Mrs. Jay Thelin, San Francisco.

CASTING TO START ON NEW TAHOE PLAY

TAHOE CITY — Casting for the first play of the season by the Sierra Winter Stock will take place Friday, September 11 at 8 p. m. in the home of the director, Randy Fox of Tahoe City.

A great deal of interest is promised in the opening presentation, a mystery by the well known author, Agatha Christie, entitled The Mouse Trap. There are parts available for five men and three women and all interested in auditioning are urged to attend. Fox may be contacted evenings for further information.

The next regular meeting of the group will be held September 17 in Tahoe City, the place not yet decided.

ASSISTANT COUNSEL

Attorney John I. Larue has been selected as deputy county counsel to serve under Mrs. Dean Lawrence of the recently created county council position. Neither is a full time job, Mrs. Lawrence said, but with the present amount of work they have turned into time and a half jobs.

Tofft, A. Sassarini New Members Of Sanitary District

As a result of Tuesday's election, the Truckee Sanitary District has two new members of the board of directors.

With 96 votes from a total of 248 cast, Ivan J. Tofft of Donner Lake, led the field of eight candidates, while August Sassarini, with 94 votes, was second as the two were selected for the posts being vacated.

In third place was Constance Kammerer, the only woman in the race, who received 88 votes. Since there are only three absentee voters, the results will not be changed. Other candidates in the order in which they ran were Albert Pfander, 54; Paul Van Vliet, the incumbent, 52; Alfred Hodder, 41; Lloyd Cole, 32, and Daniel Horman, 26.

Other members of the board are James McIver, Charles Osburn and Raymond Hintz.

Four Car Accidents Reported In Area

Four reportable motor vehicle accidents were investigated by the California Highway Patrol during the past week.

Gregory L. Hawkes, 18, Roseville, suffered major injuries last Thursday at 2:30 a. m. when a car driven by Eugene Scott, 27, Tahoe City ran off the road at Tahoe City, wrecking the car. Scott suffered only minor injuries, but both were taken to the Tahoe Forest Hospital for treatment.

Helen D. Punft, 34, Homewood, had minor injuries after her car collided with three parked vehicles in Kings Beach at 2:30 a. m. Monday. The driver apparently fell asleep. She was cited for not having her car under control.

Ruby Medler, 66, employed at Soda Springs Lodge, was seriously injured at 6:15 a. m. Tuesday when she was struck by a car driven by Henry Stacy, 56, Truckee. Mrs. Medler had gone onto the highway to pick up a bundle of papers tossed from a passing truck and Stacy said he could not avoid striking her. She was taken to the

(Continued on Page 8)

Contract Signed On Floriston Project

A contract between the County of Nevada and the Southern Pacific Railroad Company for construction of an underpass at Floriston was signed last week. Supervisor H. G. Loehr announced, but he was unable to announce when the work will be started by the railroad.

Negotiations between the county, state and railroad have continued over the past several years, with one delay after another, but with the local supervisor continuing to press the issue.

The present underpass is far too narrow for the average car or truck, but the new underpass, when completed, will provide an adequate road into the community from Interstate 80.

RESCUE UNIT TO HOLD BARBECUE SUNDAY

The Sierra Nevada Rescue Unit of Truckee will sponsor their annual steak barbecue to be held Sunday, September 13 at Donner Beach at the west end of Donner Lake and the public is cordially invited.

A good time is assured and the cost will be \$2.50 for adults and \$1.25 for children under 12 years of age. The affair will start at noon and continue until 5 p. m. There will be displays of C. B. radio equipment and other rescue apparatus used by the mounted unit.

Reservations may be made with Mrs. Opal Braley at Floriston or Mrs. Ella May Doley in Truckee.

STAFF JUDGE TO BE SPEAKER AT SESSION

Lt. Col. Robert Beaudoin, staff judge of the United States Air Force, Beale Air Force Base, will be a principal speaker at the five county local law enforcement seminar to be held in Placer County on Tuesday, September 15.

This was announced today by District Attorney Daniel Higgins who, with Sheriff William A. Scott, and Senators Paul Lunardi and John Begovich are sponsoring the one day seminar to assist local law enforcement in working with other local, state and federal agencies.

LAKE LEVEL

TAHOE CITY—The level of Lake Tahoe on Tuesday, according to Daryl De Walt of Tahoe City was 6,225 feet, the outflow being 275 cubic feet per second. Temperature high was 73 degrees on September 4 and a chilly low of 28 degrees recorded September 1.

Comedy Revue Featured At North Shore Lodge

CRYSTAL BAY--Touted as the "surprise of the season" the frantic and funny Bottoms Up musical comedy revue opens in the Topaz Room of North Lake Tahoe's Nevada Lodge Thursday, September 17. The hilarious musical replaces Frederic Apar's Vive Les Girls revue which closes a successful summer long run on September 16th.

Produced by Breck Wall and Joe Peterson, the fast-stepping Bottoms Up comedy revue features a series of spicy 'n nice skits and blackouts in a surprise musical revue.

From reports of the show's reception by sophisticated Las Vegas audiences, it appears that North Tahoe fun seekers will get more than their share of laughs and entertainment.

After a successful six-year run in Dallas and Houston, the Bottoms Up revue broke records in Las Vegas. When the show appeared on the coast to coast Ed Sullivan TV

career, was recorded by Carl Bechdolt, Jr., on his Tahoe City Golf course last Monday. The ace was scored on the 172 yard 6th hole and among the lookers on were Bill Hunger and Dave Karcher.

The Dave McBride's of Tahoe City celebrated their wedding anniversary on September 6th.

show it reaped heaps of praises.

The swift-paced, intimate 45-minute revue of animated sketches, superb blackouts and saucy songs stars the comedy team of Mitzi McCall and Charlie Brill, a zany duo that competes with co-producer comedian Breck Wall and the hilarious Bill Fanning for laughs.

Show times are 8:30 p. m. and 11:30 p. m. Tuesday through Sunday with a late, late show at 1 a. m. on Friday and Saturday nights.

Alternating on the Topaz Room stage are the Celebrities, a versatile vocal and instrumental quintet that is currently regarded as one of the top entertainment groups in the West today. Led by Larry Stewart, famous for his rendition of "Mr. Peepers," the group will offer their smooth vocal and instrumental doings on the same show-bill with Bottoms Up from September 17 through October 4.

HOWARD SMITH HERE TO AID CAMPAIGN

Howard R. Smith, candidate for the assembly from the sixth district, accompanied by J. O. Anderson, supervisor from the third district in Placer County, were visiting in the Truckee-North Tahoe district last week in the interest of Smith's campaign. Anderson was not a candidate for reelection this year and will retire from the board the first of the new year.

Smith, 43, is a native of New York but has resided in California since 1946 and at Auburn since 1955. He has been active in democratic politics and is currently employed as electric utilities engineer by the state. He was previously a distribution engineer for a private utility.

He served 40 months in World

War II, including 15 months in the army in the South Pacific, advancing from a private to lieutenant, after which he was in Korea for nine months with the Second Infantry Division.

Smith is past commander of the American Legion and a member of the VFW.

In the primary, Smith won the votes of over 60 per cent of the 266 delegates to the Sixth Assembly District Democratic Endorsing Convention contesting against a field of eight candidates. The endorsement was then made unanimous.

Migrating waterfowl were so numerous in California in the 1860's that a farmer in Gridley used a four-foot cannon with a six-inch bore in an attempt to destroy the flocks in his fields.

PHONE 583-3056

Mich., as soon as Basil is discharged from Stead Air Force Base.

Paul and Maxine Stohl and children visited longtime friends on the North Shore last week and Don and Nelle Barkhurst at their new home at Crystal Bay. Maxine is a former resident of Kings Beach being the daughter of the Jerry Gordans who owned the hardware store several years ago.

The North Lake Tahoe Republican Women's Club met at Sunny-side Lodge September 9th for luncheon meeting with Fritz Bringer, president, calling the meeting to order. Four new associate members have joined the group—Carol Jones, Patricia Fink, Adelle de Ryk and Majel Rose of Truckee.

Mrs. Wendall Dobie of Auburn, national delegate to the San Francisco convention, was the guest speaker. Mrs. Josephine Hughes, vice-president second region, Northern California, was also present.

One of the main subjects of discussion was the organizing of headquarters for Goldwater in Tahoe City. Along with organizing will be volunteer help, financing and services for the headquarters, and other details.

Fritz also called attention to the Northern Division Conference of Republican Women to be held at

the El Dorado in Sacramento on Sept. 14 and 15th. Helen Hellenbeck will have charge of the workshop and give clubs assistance on organization of campaign headquarters.

Speaker at the dinner on the 14th will be the Republican candidate for senator, George Murphy. The second day will have Gardner Johnson of Piedmont, the new California National committeeman, as speaker at the luncheon. The Tahoe Republican Women will receive their charter at this luncheon and Fritz would like to have as many members as possible go to Sacramento for this event. Call Fritz regarding reservations for these two days.

Shana Peterson of Los Angeles visited friends at South Lake Tahoe over the weekend and Bethel Van Tassel at Tahoe Vista during the week. For several years Shana was associated with the Riviera Resort Shops of Kings Beach and Tahoe City and has many friends in the area.

William and JoEllen Knight of Sacramento are visiting her mother, Marjorie Buetow, father, David Ashton, and grandmother, Elsie Charrison at Kings Beach this week. They also came to see the new niece, Tracy Lynn Ashton.

Tracy Lynn was born August 6, the first child of Dave and Lynn (Boreham) Ashton of Incline Village. Paternal grandmother is Marjorie Buetow, and great grandmother, Elsie Charrison, grandfather David Ashton, Kings Beach; maternal grandparents are Mr. and Mrs. Lloyd Boreham of Palo Alto and great-grandmother Maudie Haines of Palo Alto.

Mrs. Martha Holmes of Yuba City has returned home after three weeks visit with her daughters, Ceta Hooper, Kings Beach and Bethel Van Tassel, Tahoe Vista.

Harry and Ceta Hooper and sons, Charles and Jon have moved to their winter home in Reno after spending the summer at Kings Beach residence.

Henri and Tina have returned to the Bay area after spending the summer at Kings Beach.

The Greater North Lake Tahoe Chamber of Commerce holds its regular board of directors meeting at the Crystal Bay Club Thursday September 10 at 10 a. m. One of the main subjects under discussion at this meeting is the membership drive. Lunch will follow the meeting for those wishing to stay. President Carleton Konarske cordially invites interested persons to attend.

The Volunteer Fire Departments of Kings Beach and Tahoe City and the U. S. Forestry Service, who fought the Barndchaf fire at Carnelian Bay last Monday night wish to publicly express their thanks and appreciation to the Carlsen family for the quantities of hot coffee they served. Chief Joe Fulton stated that the night was especially cold since water froze on the ground 28° and the volunteers worked until two o'clock that morning.

It might be well to admonish readers of the safety rules for fire prevention. Remember Fire Prevention Week every May? This fire and the fire at the home of Louise Radovich in Kings Beach Wednesday could have been prevented if safety rules had been observed.

The first fire—leaving a barbecue unattended—the second, leaving a mattress without proper insurance that a fire had been extinguished, expensive lessons to those responsible.

Anyone recognized Dorothy Mercer? For years Dorothy and her braid have been synonymous and it is difficult to believe they are parted. Dorothy with short styled hair looks mighty different.

Ronald and Donna Ann Springer are recent newcomers to Incline Village moving from Reno, and originally from Charles City, Iowa. Ronald has an insurance business

in Reno and will open an office at Incline. The Springers have one son, David, 7 years old.

"Heart of Fashion" is the theme of the champagne luncheon and fashion show at Harrah's Tahoe South Shore Room on September 25th, 11:30 to 3 p. m. Joseph Magin will present a premier showing direct from New York City

DONNER DOINGS

By VI WHITE
Phone 587-3866

Well mothers guess the house seems empty now that the kids are back to school and not under foot as they were all summer.

The familiar sounds of the school buses in the mornings and afternoons are heard again.

Fall is here, the pine needles are dropping and some of the leaves are beginning to turn yellow. The water in the lake is getting lower and lower, so watch out for those rocks that are just under the surface near the shore, if you're still using your boats.

The public beach is closed, but Bob Jamieson will be around for a while getting it in shape for the winter. Packing all the gear back to his Diamond Boat Shop in Reno will take several trips.

The rainbows are still being caught along the shore and with cooler days, the Kokonee should be ready to catch soon.

A group of property owners on the south shore of Donner Lake are getting together to pay for snow removal this winter. The road will be posted "Fire Access Road" and unauthorized vehicles found illegally parked will be cited and towed away at the owner's expense.

Each paying member will have a private parking space plowed out near their cabin.

To assure authorization to use the road, checks should be mailed not later than October 15, 1964, to Arthur Humphreys, 240 Laning Drive, Woodside, Calif., or Ed Corum, 3510 Longview Drive, North Highlands, Calif., and made payable to R. L. Harris for the sum of \$25.00.

Clearing will start from Hiway 40 along Southshore Drive to the last house. If more money is contributed than used for snow plowing, the remainder will be spent in grading the road in the spring.

If other sections in the area would like snow removal, cabin owners may wish to contact Shorty Harris at Donner Lake.

The Donner Lake Property Owners' Association have received a detailed feasibility report from engineers, Johnson and Andregg for the proposed Donner Lake Road Assessment District covering the south and west sides of Donner Lake.

An estimated cost of \$600 per 50 foot lot would improve bridges, drainage and provide a 28 foot road with a six inch base topped with a 24 foot wide pavement of two inches of asphalt concrete.

If the district is formed, the amount can be paid in full or over a 15 year period.

How much nicer it would be to have paved roads and cut down the dust.

The holiday traffic was bumper to bumper for several hours Monday as people left the mountains to head for home. They will all be glad, as will those who live here

Nine out of every ten forest fires are caused by man! Be very, very careful with fires, matches and smokes whenever you are outdoors.

PLEASE!

Only you can PREVENT FOREST FIRES

to have the freeway completed. Just a couple of more months to wait.

Neighbors and friends attended an outdoor barbecue party to end the vacation season at the Hillegass home on the lake last week.

Their next door neighbors, the Manwarings, celebrated Dr. Manwarings' birthday at Cal-Neva's Spice on Ice dinner show last Saturday evening. They stopped at the Tahoe Tavern to pick up other members of the family who joined the group.

The breakfast prepared by the Truckee Lions Club was delicious out at Woodchopper Spring Sunday. Seven wagons were in the train that had come from Reno on their way to Donner Memorial Park. The temperature hit a low of 26 degrees Saturday night and several of the members of the Wagon Train were still in their sleeping bags trying to keep warm as the breakfast started.

Donner Memorial Park camp grounds were full over the Labor Day weekend. Nice so many could enjoy the clear weather.

DUCK SEASON SET BY STATE FG BOARD

SACRAMENTO — (CNS) — The California fish and game commission has adopted a straight, 75-day duck hunting season, Oct. 24 to Jan. 6, with a limit of six birds per day and six in possession.

This year, for the first time in a number of years, shooting on the opening day will begin at one-half hour before sunrise, the same as on other days of the season.

The commission also adopted a goose season from Oct. 24-Jan. 10, with a limit of six a day and six in possession, with no more than three black geese. The brant season will run from Dec. 5-Jan. 15 with a limit of three and three. The Jack snipe season will run from Nov. 18-Jan. 6, with a limit of eight birds a day or 16 in possession.

Civil Service Exam Set for Highway Patrol

The California Highway Patrol announced today that a civil service examination for State Traffic Officer will be held throughout California on November 7, 1964.

The examination will be open to men between the ages of 21 and 31, inclusive, who meet the requirements in regard to education, citizenship and residence, physical condition and character.

"For the young man interested in a career in traffic law enforcement, the California Highway Patrol offers the finest of opportunities," declared Patrol Commissioner Bradford M. Crittenden. "Our requirements are high and the competitive entrance examination is correspondingly difficult, but those who succeed are well rewarded."

"Because we want the best men available, we are concerned only with their ability to become successful traffic officers, not their race, religion, or ancestry. The patrol will not discriminate in any way against qualified men."

Crittenden said full information and application forms may be obtained from any California Highway Patrol office or by writing to the Patrol at P. O. Box 898, Sacramento 95804. Final date for filing applications for the examination is October 9th.

TURNOUTS DESIGNED FOR SLOW DRIVERS

When you go on vacation, it's for fun. So what's the fun about driving over a two-lane mountain road when some slowpoke up ahead keeps a whole line of traffic creeping along at 25 mph?

"Nothing," agrees California Highway Patrol Commissioner Bradford M. Crittenden. "That's why the state has built turnouts on many two-lane roads—simply to provide an 'escape hatch' for the slow moving vehicle which is battling up traffic behind him."

"If you're ever likely to be in a position to hold up traffic—because you are towing a trailer, for example—remember to swing into a turnout when five or more vehicles pile up behind you."

"The law says you must do this, whenever a marked turnout is provided."

"Turnouts are identified by signs one-quarter mile ahead of the turnout, and at the turnout location itself," the commissioner said.

2. All tools and equipment necessary to complete excavation, installation, backfill, pumping.

IV EXCAVATION

The contractor shall do all excavation for all pipe lines as required for the installation of the lines to the grades as shown on the drawings or herein specified. Depth of trench shall be as required to give 36 inches minimum cover over the top of the pipe, to the finished grade. All excavation is to be done by hand, except road surface which may be broken by power equipment.

The trench bottom shall be cut accurately to grade so as to provide firm bearing for the pipe with a minimum footing of 4" of sand or rock free dirt beneath pipe or the Contractor may cut the trench below grade as hereinafter specified for rock excavation and the trench backfilled to grade with sand.

The rock excavation, the trench shall be cut below grade a distance

(LEGAL NOTICE)

equal to ¼ the diameter of the pipe, but in no case less than 8 inches, and the trench backfilled to grade with sand.

The contractor shall furnish and install all lagging and bracing necessary to prevent caving of the trench sides. The Contractor shall remove any water that may be found or accumulates in the trenches, and shall do all work required to keep them clear of water while pipe is being installed and until final tests are completed, as hereinafter specified.

All excavated material shall be piled in a manner that will not endanger the work and will avoid obstructing roadways. Open trenches and piles of dirt will be so marked and lighted as to provide safety to all persons and to vehicular traffic. The Contractor is to provide pedestrian access to rear of buildings.

V INSTALLATION OF PIPE LINES

All pipe lines and appurtenances shall be installed in the positions and to the lines, elevations, and grades shown on the plans and as specified herein with 4" of sand under pipe and 8" sand over pipe. The trench shall be on even grades so that the full length of pipe will rest on the trench bottom.

All fittings necessary for the satisfactory alignment and arrangement of piping and all necessary couplings shall be furnished by Truckee P. U. D.

Trench shall be cut to grade so as to provide continuous support for the pipe. Bell holes shall be dug as necessary for valves and fittings. Ends of all pipe shall be closed or plugged at the end of each day's work and otherwise as necessary to prevent the entrance of foreign materials.

Welding shall be done by qualified welders in a first class and workman-like manner, conforming to the American Standard Code for Pressure Piping ASA B31-1-1942, Section 6, Chapter 4 and Appendix, Part 1 and Part 2.

Butt welds on fittings shall be of the single "V" type, with ends of pipe and fittings beveled approximately 37½°. Piping shall be carefully lined up before welding

(LEGAL NOTICE)

is started and the alignment maintained during welding. Welds for flanges and socket fittings shall be of the fillet type with a throat dimension not less than the pipe wall thickness.

Fittings shall be provided at all bends or deflections in excess of 5 degrees. Welding shall be by electric arc method by qualified experienced welders in conformance with welding specifications of the American Welding Society.

Flanged joints shall be made up square, with even pressure on the gaskets and shall be water tight.

VI REPAIR OF DAMAGED COATING AND/OR WRAPPING

Any damage to pipe coating or wrapping shall be repaired before placing any backfill. The Contractor shall keep a pot of hot asphalt or emulsified asphalt and a supply of asbestos pipe wrapping on hand to repair damaged wrapping before pipe is laid in bottom of trench. Asphalt and wrapping shall be comparable to that of pipe. Care shall be taken that asphalt used in repairs is compatible with the original pipe coating.

VII VALVE INSTALLATION

Buried valves shall be of the flanged end type with operating nut as herein specified. Valves shall be set plumb and properly fitted to the adjacent sections of main. All buried valves shall be provided with valve extension boxes as specified. Top of valve boxes shall be set two (2) inches above the adjacent grade and the ground sloped up to the valve box unless the box is located in a paved road. In paved roads, the top of the valve box shall be set level with the adjacent roadway.

VIII BACKFILL

All pipes shall be laid accurately to grade and elevations as given.

After pipe line is placed in trench and tested and is ready for backfill, it shall be backfilled with sand, fine earth, or other materials free from rock and large lumps to eight (8) inches above the top of the pipe. The remainder of backfill shall be tamped in layers of eight (8) inches or by jetting. No backfill shall be by power equipment until the pipe is hand covered at least eight (8) inches above the top of the pipe. Sufficient time is to be given to Truckee P. U. D. personnel by Contractor before backfill so that the conversion of water service attachments from existing pipe line to new pipe line is completed. No claim for compensation by Contractor will be accepted for the delay in the backfill.

Existing underground services are shown as accurately as available data permits. This data is approximate as to location and does not necessarily show all lines which may be encountered in excavation and shall be responsible to repair or replace all such facilities damaged due to work of this project. THE CONTRACTOR SHALL BARE ALL EXISTING WATER, GAS AND SEWER LINES BY HAND.

IX WATER TESTS

After laying of pipe and before backfill, the Contractor shall test the piping as herein specified. The Contractor shall furnish all material, equipment, and labor for testing the system as follows: UNDER PRESSURE OF 125 lbs FOR 12 HOURS.

The test shall be made by closing valves and filling the pipe lines with water, provision having been made for the release of air from the lines to be tested.

Any leaks that are found shall be immediately corrected and the system again subjected to the same test for a period of 24 hours.

The Contractor shall inform the District at least two days in advance of the time set for testing the piping system.

The Contractor shall take all necessary precautions to prevent any joints from drawing while the pipe lines and their appurtenances are being tested and he shall, at his own expense, repair any damage to the pipes and their appurtenances, or to any other structures, resulting from or caused by these tests.

X DISINFECTING

After all other work has been completed, and prior to placing in service, water lines shall be thoroughly flushed and completely disinfected in accordance with Amer

(LEGAL NOTICE)

ican Water Works Association procedures as contained in A. W. W. A. C 601-54 "Standard Procedure for Disinfecting Water Mains."

XI EXISTING FACILITIES

The Contractor shall be responsible to verify the location of existing facilities. Damages to any existing water mains, services, telephone lines, gas lines, sewer lines, fence, building or other structures shall be the responsibility of the Contractor repaired at his own expense and to the satisfaction of the Truckee P. U. D. The Contractor shall after completion of the job restore the pavement where it was broken up for installation of new 8", 4" pipes and the laterals. This work has to be done to the satisfaction of the District.

Contractor shall co-operate with Truckee P. U. D. personnel which will be on call for assistance in re-aligning any water or sewer lines that may interfere with the installation of the new pipe line.

XII CLEANUP

At the completion of the work herein contemplated and after acceptance of the installation, the

(LEGAL NOTICE)

Contractor shall remove from the premises any surplus material or debris resulting from his work. This surplus material may be deposited at the Truckee Public Utility Substation site.

The District reserves the right to reject any and all bids.

Dated: Au. 26, 1964.

CAR THEFTS MOSTLY FAULT OF OWNERS

More than 50,000 cars are stolen every year in California—and approximately one-half of these thefts are the direct result of owner carelessness.

"In just about 50 per cent of the cases, all the thief has to do is get in the car, turn the key—conveniently left there by the owner—and drive away," California Highway Patrol Commissioner Bradford M. Crittenden said. "You can help to reduce auto thefts by following three easy steps," the commissioner said.

1. Always take your car keys

with you (and don't forget to lock the ignition if you drive a model in which the ignition can be left in an open position).

2. Lock your car, including the wind wings.
3. Park in a well lighted area. It is also advisable to spray the ignition system with plastic which prevents use of a jumper wire or metal foil to short circuit the system; and to punch out identifying numbers on car keys, after first recording the numbers at home. This will make it more difficult for anyone else to duplicate your keys, the commissioner said.

Poison oak spreads by means of underground runners.

CAMPGROUNDS NOT FOR LABOR CAMPS

H. E. Branagh, Forest Supervisor, Tahoe National Forest states that all campgrounds on the Tahoe National Forest have a camping limit of 14 days. Campgrounds are receiving more use each year and many people have to be turned away.

"As much as we would like to take care of construction workers who work inside the forest on construction jobs this cannot be done," states Hank Branagh.

Campgrounds are only for the use of the transient vacationing public and not those who would like to

take over a camping unit for the entire summer.

During the past summer two construction workers refused to move out of Jackson Creek Campground when asked to do so by the forest service and monopolized part of the campground for two months. Branagh said. It was necessary to have a U. S. marshal take Donald Wilson of Roseville and Charles Karkling, Cedar Ridge in custody and have them appear before the U. S. Commissioner in Sacramento. Each were fined \$100 and ordered to vacate the campground.

LICENSES ISSUED
Nevada marriage licenses recently issued include one for Richard Kingen, 36 and Jean Holloway, both of Tahoe City.

Another Tahoe City couple applied for a license to wed; Juris Krisiansons 28 and Linda Englehart, 23 years of age.

Gordon Carroll, 54 and Juanita Johnson, 42 both residing at Brockway were also granted a marriage license.

MOTORS COLLIDE
MEEKS BAY—David L. Langston, 18, Meeks Bay, was taken to the Mercy Hospital in Sacramento last week after the motorcycle he was riding and one driven by William Gary Bettencourt, 21, of Auburn, collided near Auburn. The cycle operated by Bettencourt came onto the highway from a service station, hitting the Langston vehicle.

EXAMINATIONS
AUBURN—The Placer County Personnel Department has set September 18 as the final date for applying for examinations to fill two positions. The first is for a code violations investigator and the second for engineering aid I. Details may be obtained from the personnel department at Auburn.

SEARCH ABANDONED FOR BODY IN TAHOE

TAHOE CITY—Search has been abandoned for the body of Donald Watkins, 35, Sacramento, who is believed to have died while skin diving in chilly Lake Tahoe last week. Watkins left a note in his car saying he was going to attempt to recover equipment which he had lost in the lake.

The car was found abandoned and search for the diver started last Wednesday two and a half miles south of Tahoe City. The note asked that his brother, Kenneth of Oakland, be notified if he did not return to the car.

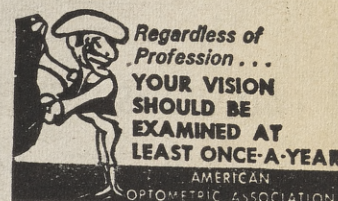

The coast guard said the water depth near where the missing man's boat was moored was from 240 to 280 feet.

JOIN CHAMBER OF COMMERCE

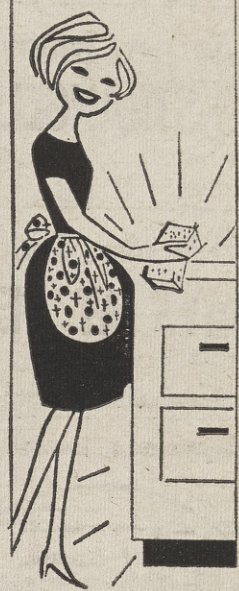

SWIMS CHANNEL

Eleven months after she swam the length of Lake Tahoe, at the age of 13, Leonore Modell of Sacramento last week became the youngest person ever to swim the English Channel. She swam the 21 difficult miles in 15 hours and 32 minutes. She swam from Tahoe Keys to Kings Beach last year in 15 hours and 34 minutes.

Six years after the transcontinental railroad was completed in 1875, 72,000 persons had used it to travel to California.

Never an open flame with a
Flameless Electric Range
(and it's odor-free!)

Meals taste better, too, and clean-up time is less. Electric cooking is kind to pots and pans. Walls and ceilings stay fresh and bright-looking longer. Start cooking the clean, modern way with dependable electricity.

YOUR PROGRESSIVE SIERRA PACIFIC POWER COMPANY

What's doing?

FAREWELL TO TAHOE TAVERN—

Pacific Telephone joins with all the people in the Lake area to bid farewell to Tahoe Tavern.

The Tavern was built in 1900 and closed its doors on September 7, 1964.

In the next few months the buildings will be torn down and a new area will begin on this lovely location on the Lake.

You don't have to be an expert archer to work for the Telephone Company, but sometimes it helps. On several occasions telephone men have put bows and arrows to good use in getting a phone line across a lake or deep ravine. These modern day William Tells attach a light line to an arrow, take careful aim, and shoot it over to a helper on the other side. Then the telephone line is attached to the lighter line and pulled across... another interesting way in which telephone people provide service quickly and economically.

The United Community Fund reminds all of us that "one gift works many wonders."

Color television may seem fairly new to most of us. But the public actually got its first look at color TV over 35 years ago. The Bell Telephone Laboratories in New York, a pioneer in the field, demonstrated this product of its research to a limited audience on June 27, 1929.

Think up! More people are flying today than ever before. In fact, at any one moment there are as many as 20,000 commercial and military planes in the air over this country. If you travel by air, you've probably noticed the impressive role your telephone plays in travel planning. You usually call up for reservations and flight information first off. Then, you reconfirm or check departure and arrival times by phone, right? But the telephone's importance to flying doesn't stop there—no siree! A 350,000 mile Bell System network of telephone and teletypewriter lines—one of the world's fastest communications systems—links together the major air traffic control centers, radar stations, airport towers, weather bureaus, airlines, and military bases throughout the USA to help assure your comfort and safety while flying.

Pacific Telephone

GET LICENSE

SACRAMENTO — (CNS) — The state department of alcoholic beverage control announced today it has issued an on-sale beer license to The Kings Korner, doing busi-

ness as Squaw Valley Restaurant, Olympic Village, Squaw Valley.

Until this year, the United States had not exported cattle to Europe for more than 50 years.

MANY ITEMS

(Continued from Page 1)

ly approved for multiple dwelling. 5. The 5th public hearing on Squaw Valley zoning plan.

In addition, Commissioner Gibbs said, the following final subdivision maps will be considered by the commission: Alpine Meadows Estates No. 4, Tahoe Marina Estates, Chamberlands Addition No. 3, and Forest Homes of Cedar Flat.

Other items to come before the commission will include: public hearing on the proposed billboard regulations and an application by the Tahoe Marina Co. for a 23 unit condominium on Brockway Road in Kings Beach.

The meeting, Gibbs said, will be preceded by a field trip on Monday, September 14th. Planning commissioners will assemble in Tahoe City on that day and will proceed from there to personally view each of the items coming up for consideration on the following day.

According to Justin F. Barber, Placer County planning director, a copy of the agenda for the planning commission meeting of the 15th will be posted on the door of the Tahoe City Community Center so that interested parties may determine the time various items will be taken up by the commission.

Attend Funeral Services—

Mr. and Mrs. Robert Hall returned from funeral services for his mother, held at Roosevelt, Utah.

SEASON TO CLOSE

The special archery deer and bear seasons in late deer season areas will close Sunday, September 13, the California Department of Fish and Game reminded nimrods this week.

ACCIDENTS

(Continued from Page 1)

hospital with major injuries.

Mrs. Mary Costello, 61, Oakland was treated at the hospital for major injuries after a car driven by Samuel J. Costello, 64, ran off the road into the rocks just below the observation bridge on Donner Summit Tuesday at 11:20 a. m. The driver said his foot slipped off the brake onto the accelerator. He was cited by the patrol.

Lloyd Padon, 36, Verdi was cited for speeding and failure to observe a traffic sign after he narrowly missed striking a flagman three miles east of Truckee on the freeway Tuesday at 5:30 p. m. The Truckee Donner Sanitary Service truck, operated by Clyde Anderson 31, Truckee, struck a parked vehicle while attempting to avoid striking the flagman, who jumped out of the way of the Padon car.

To College—

Miss Vicki Firpo returned Monday to Sacramento City College where she is taking a pre nursing course. She has been visiting her home here and was accompanied to the capital city by her father, I. Firpo.

NEW CHRISTMAS TREE FIRM IS ORGANIZED

KINGS BEACH—A new departure in the marketing of Christmas trees will be the policy adopted by the Sierra Christmas Tree Enterprises, Inc., recently organized at Kings Beach.

The new concern is headed by John B. Doyle of Chicago as president with Dex Hamilton of Sierra Tree Service as general manager. The company will buy and sell trees during the holiday period and has adopted as its slogan, "Distributors of the World's Most Beautiful Christmas Trees."

The new policy provides for a high bond which will assure an honest count and the company will employ a counter of the customer's choice to further guarantee the purchase of trees.

KALERS MISS MANY FRIENDS IN TRUCKEE

Mrs. J. E. Kaler of Sacramento wrote of how much they missed seeing local friends this summer. Mr. Kaler not being well enough to enjoy the trip to the mountains. She also mentioned that Frank Kearney, now of Rocklin, also a former resident here, will be 90 years of age October 15 and continues to be active.

Kearney and the late Mrs. Kearney reared a large family on their ranch just east of Truckee and he has a number of grand children and great grand children who pay him frequent visits.

The Kalers keep in touch with local happenings via Sierra Sun.

NEW SERMON SERIES FOR SQUAW CHURCH

SQUAW VALLEY—On Sunday, September 13th, Frank Evans, minister of the United Church of Christ, will begin a series of sermons on the numerous parables of Jesus with a sermon entitled "New Wineskins." The hours of worship are at 7, 9 and 11 a. m. and the church school is at 10:10 a. m. with classes for all ages including an adult seminar. Child care is provided at the 9 and 11 o'clock services. An evening vesper service at 8 p. m. is held each Sunday.

All children are asked to register for the new church school year on this particular Sunday.

From Santa Rosa—

Mrs. Paul Van Vliet returned from Santa Rosa where she had been visiting her parents, her father recently being ill.

Senator Edward D. Baker, for whom Bakersfield and Baker Street in San Francisco are named, introduced Abraham Lincoln at his first inauguration in 1861.

The practice of banding birds started in 1908 with penguins as one of the first subjects.

CARD OF THANKS

I take this opportunity to express my most sincere thanks to the voters of the Truckee Sanitary District who supported me in the Tuesday's election. Although unsuccessful in my bid for election, your fine support was certainly appreciated.

AL PFAENDLER

CARD OF THANKS

To the voters of the Truckee Sanitary District I take this means of saying thanks for the support given me at the district election. As a member of the board, I shall do my utmost to justify the confidence you have placed in me.

RAIN OR SHINE, YOU'RE
EVERDRY IN PACIFIC TRAIL!

True to its name, "Everdry" keeps you that way! Pacific Trail's "double exposure" parka is quilted DuPont nylon . . . reversing to 100% waterproof nylon in a coordinated color. Insulated with feather-light Dacron 88, and topped with Pacific Trail's exclusive Revers-o-Snap 3-way collar-hood. Wash 'n wear, of course. Oyster reversing to bonanza brown; powder to teal; electric to black; red to navy; sage to loden. Sizes 6 to 12 . . . \$13.98; 14 to 20 . . . \$15.98.

STRANGE as it seems ELSIE HIX

THE MUSK OX of the arctic, IS NOT AN OX, NEITHER DOES IT POSSESS MUSK GLANDS! IT IS RELATED TO THE GOAT ANTELOPES!

SENTRY ROCK-- A FULL-LENGTH FIGURE STANDING AT ATTENTION!!! --Chiricahua Mts., Arizona--

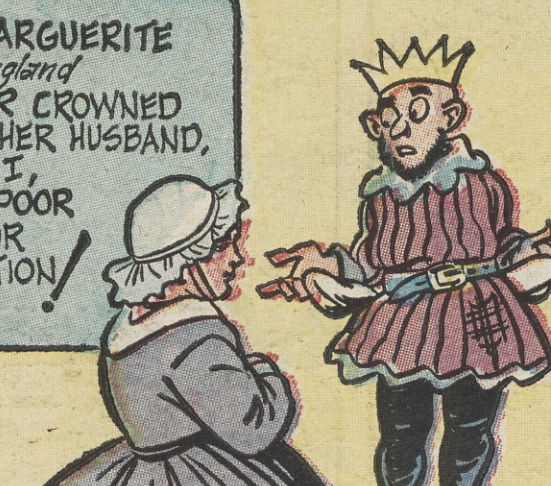

THE SANDSTORM THAT DEFEATED AN ARMY! WHEN CAMBYSES II, Persian conqueror of Egypt, SENT A FORCE AGAINST THE OASIS OF AMMON HIS ENTIRE ARMY OF 50,000 TROOPS WAS COMPLETELY ANNIHILATED BY A SANDSTORM ON THE SAHARA DESERT!

TM, Reg. U. S. Pat. Off.—All rights reserved. Copr. 1964 by United Feature Syndicate, Inc.

FLYING DOUGHNUT! AN AIRPLANE WITH A CIRCULAR WING, BUILT BY TILGHMAN RICHARDS of England, FLEW AT 83 MILES AN HOUR! --1914--

QUEEN MARGUERITE of England WAS NEVER CROWNED BECAUSE HER HUSBAND, EDWARD I, WAS TOO POOR TO PAY FOR A CORONATION!

THE ARCTIC RECEIVES MORE HEAT FROM THE SUN THAN DOES THE EQUATOR DURING 5 WEEKS OF THE YEAR!

HENRY H. "HAP" ARNOLD-- General of U.S. Army Air Forces, W.W. II, WAS TAUGHT TO FLY BY THE WRIGHT BROS., FLEW THE FIRST AIR MAIL IN 1911 AND FIRST REPORTED MOVEMENT OF TROOPS FROM THE AIR BY RADIO!

EDGAR RICE BURROUGHS' Tarzan

NO! I WISH TO COAX THEM INTO ANOTHER ATTACK!

YOU WILL PERFORM MOUNTAIN JUJU TO KEEP VULTURES FROM ATTACKING MY PEOPLE AGAIN, OH, LORD OF THE JUNGLE!

REMEMBER, THE ATTACK IS SIGNALLED BY THE TERRIBLE LAUGHTER OF A HUMAN—FROM UP THERE!

JOHN CELARDO

9.6 1748

ONE CHANCE!!

GOOD!.. I WILL NEED A LONG, STOUT VINE!.. THEN ASK YOUR PEOPLE TO GATHER IN THE SQUARE!

BUT THAT WILL BRING THE VULTURES DOWN ON US!?

WARN THEM TO SEEK COVER IMMEDIATELY UPON HEARING THIS!

I AM CONFUSED BY YOUR REQUEST, JUNGLE LORD... LET ME CONFER WITH MY TRIBE!

LATER....

YOUR VINE, TARZAN!... AND MY PEOPLE!

AH, FINE! DO NOT HAVE FEAR—LEST IT KEEP YOU FROM MOVING QUICKLY TO YOUR HUTS!

AFTER MANY ANXIOUS MINUTES... HA HA HA HA

RUN! NOW!
